

BACount fill bundles

Spare parts guide

BACount fill bundles

The patented BACount fill bundles are designed and tested in the [BAC laboratories](#).

Benefits

- guaranteed performance
- easy to handle, lift, dismantle and rebundle
- easy inspection of fill core: by bundle and by sheet
- easy to clean
- reduced fouling
- perfect fit because of model specific size

Characteristics

- BAC patented design with maximum air and water contact
- self-extinguishing PVC material, impervious to rot and biological attack
- for temperatures up to 55°C

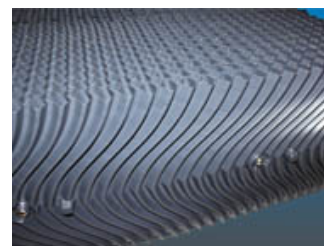

High temperature needs

BACount bundles are also available in CPVC/PP for temperatures up to 65°C/80°C.

We use BACount fill in:

- [VXT](#)
- [VTL-E](#)
