

FRP fill

Spare parts guide

FRP fill

The FRP fill is tested in the [BAC laboratories](#).

Benefits

- guaranteed original performance
- easy to handle, lift and dismantle
- easy core inspection
- easy cleaning: sheet by sheet without dismantling
- ideal for dirty water applications
- low shipping costs: nested shipment and smallest fill staggings

Characteristics

- BAC tested panel design with telescopic fill support
- 26 mm non-clogging panel spacing
- heavy duty waved FRP panels
- nested for shipment

We use FRP fill in:

- IMT
- [RCT](#)
