Special needs?

Open cooling towers

Special needs?

Our ongoing <u>R&D</u> investment helps BAC offer you a complete set of solutions for RCT open circuit cooling towers that meet your needs. Plus, we also cater for extra requirements such as:

Year-round reliable operation

Inspect and maintain your cooling tower and protect it against extreme weather for year-round reliability. The options below help keep your cooling tower running smoothly and reliably and facilitate maintenance.

- <u>Remote sump connection</u>
- Sump sweeper piping
- Filter
- Flanges
- <u>Vibration cut-out switch</u>
- Basin heater package
- Electric water level control package

Do you too want to benefit from the above solutions? Contact your <u>local BAC representative</u> for more information.
